

Parmetheus™ Series Super-LED Lighting

PAR-36 "Drop-In" Replacement Light to Replace Outdated Halogen or Sealed Beam Lamps

■ Lightweight ■ Low Current ■ Moisture Resistant

- First commercially available PAR-36 Super-LED for Aviation applications.
- Stable light output for thousands of trouble-free operating hours.
- Available in Landing and Taxi versions.
- Convenient "Drop-In" design for ease of installation:
 - ~ Power wiring attaches to brass screw terminals.
 - ~ Weight is virtually identical to previous PAR-36 lamps.
 - ~ Assembly design includes clocking notch.
- Polycarbonate, replaceable, hard-coated outer lens.
- Metal, heat dissipating coated housing.
- Whelen TIR™ (Total Internal Reflector) technology, combining spot and flood optical combination, resulting in superior intensity and effectiveness.
- Proudly designed and manufactured in the USA.

WHELEN®
