

# More power is now here.

Start enjoying a powerplant upgrade with more power to boost the performance of your Cessna 177RG.

Cessna Aircraft, McCauley Propeller Systems and Lycoming Engines have teamed together and are pleased to announce a powerplant upgrade now available, exclusively through the Cessna Authorized Service Facility network. The upgrade uses the new Lycoming Echelon STC series IO-390 engine that offers:

- ✓ Additional horsepower
- ✓ Improved performance in climb and cruise speed
- ✓ Added value to the airframe

*For 1973 - 1978 Cardinal 177RG, serial numbers 0283 and on. The STC is available with a new or rebuilt IO-390-A1A6 engine, and includes a Slick Start ignition. Additional parts required, including a McCauley Governor, are detailed in the notes section on CPDXpress. Replacement of the McCauley Propeller is optional.*

Cardinal 177RG	Description	Qty
05J26325	Engine Kit IO390A1A6 New	1
05J26326	Engine Kit IO390A1A6 Rebuilt	1
